- 7. The school for submarine crews is at Saidagube Submarine Base on the west side of the Kolafjord. In Saidagube are several covered submarine bunkers and big submarines have been sighted here. New quays are under construction. Several artillery positions are guarding the entrance to Saidagube and a patrolship is always on station.
- 8. At the submarine base at Poljarnoje the so-called active submarines are stationed; the submarines which are patrolling the Arctic Ocean. The Saidagube base is used for training purposes and for overhauling.
- 9. On the Toros Islands, on the west side of the Kolafjord are strong coast artillery positions and tanks for fuel constructed in the rocks.
